

2026

## FEED MILL MANAGEMENT SEMINAR

EMBASSY SUITES  
BY HILTON DOWNTOWN  
NASHVILLE, TENNESSEE

Feed manufacturing plays a critical role in poultry and egg production and processing. As feed mill operations become increasingly complex and operating costs continue to rise, effective management is more important than ever.

**USPOULTRY's 2026 Feed Mill Management Seminar** provides a practical opportunity to stay current with emerging technologies, management strategies, and operational techniques that support efficient and cost-effective feed mill performance.

**MARCH 19-20, 2026**

**ROOM RATE:  
\$292  
SINGLE/DOUBLE**

**CUT-OFF DATE:  
FEBRUARY 25  
615.736.7100**

### PROGRAM SCHEDULE

**THURSDAY  
8:30 A.M. - 4:30 P.M.**

**FRIDAY  
8:30 A.M. - 11:00 A.M.**

### PROGRAM INFORMATION

The seminar program is developed by a committee of experienced feed mill managers and focuses on actionable approaches to improving production efficiency and overall mill operations. Sessions will address the full range of milling functions, including safety and regulatory, mill maintenance, pellet quality, and the application of artificial intelligence in feed manufacturing.

Participation in this seminar will help prepare feed mill managers and their teams to meet future challenges and improve long-term operational success.

Register today! Don't delay!

### AGENDA

- Regulatory Update
- Transportation New Regulatory Developments
- Maintenance:
  - A. Preventive Programs
  - B. Predictive Programs:
    - Implementation and Buy-In
